East Indonesia Revolt Flares Over Red Voice

Murphy New Deputy Chief; Hoffay, Hoehing Promoted To Lieutenants of Police

Police board action in a special meeting yesterday created the post of acting deputy chief to be held by Lt. Robert F. Murphy, named two new lieutenants, and asked for civil service examinations to appoint new sergeants to make the post of deputy chief a permanent one, and compile a new lieutenants' list.

Sgt. Grover S. Hoffay was named a lieutenant to fill the vacancy caused by the recent death of William J. Leonard, and Sgt. Charles A. Hoehing was named a lieutenant to succeed Lt. Murphy, who is to act as deputy chief. All appointments were effective immediately.

Only Two Names on List

Hoffay and Hoehing were the only two names on the civil service eligibility list for appointment of lieutenants. None exists for the appointment of sergeants.

Police Chief Raymond Van Buren, asked that because of his health, the police board create the post of deputy chief on a temporary basis, and pending an examination to make it permanent. The chief recently returned to his duties after an illness of several weeks.

The board granted that request and the chief announced the appointment of Lt. Murphy on a temporary basis. This left

another vacancy in the lieutenant division and Sgt. Hoehing was named to fill it.

Examinations Are Asked

The board, then agreed to ask the Municipal Civil Service Commission to request examinations to establish eligibility lists for permanent appointment of a permanent chief and to name new sergeants, and compile a new lieutenants' eligibility list.

Chief Van Buren said that men will be selected by Deputy Chief Murphy to serve as desk sergeants until the examination is held to establish an eligibility list for the post. They will be chosen according to ability, experience, and past performance in the line of duty as police officers.

Tensions Press in Thailand

Bangkok, Thailand, March 2 (AP)—Premier P. Pibulsonggram proclaimed a state of emergency in Thailand today because of tensions arising from last Tuesday's hotly contested election.

Bangkok remained calm as tanks, police and troops guarded public buildings, foreign embassies and main thoroughfares.

Step Short of War

A state of emergency is a step short of what the West calls martial law.

The 1,178,881 citizens of this seaport city went about their normal routine. The usual Saturday morning crowds jammed downtown streets. Shopkeepers were open for business. Thousands of food stalls and sidewalk vendors traded formally in the shadows of Buddhist Temples.

Declaration of the state of emergency was announced over the Thai radio by the premier and Army Commander in Chief Gen. Sarit Thanarat. Both called for calm in the face of tensions arising from widespread charges of stuffed ballot boxes and other irregularities last Tuesday. The government party won a small majority over seven opposition parties and independents in the balloting.

Both called for calm in the face of tensions arising from widespread charges of stuffed ballot boxes and other irregularities last Tuesday. The government party won a small majority over seven opposition parties and independents in the balloting.

Identified as Leader

Lt. Col. Ventje Sumual, 35, was identified as the leader of the revolt. He proclaimed a state of war and siege.

The rebel chieftain is a handsome former bodyguard of Sukarno and guerrilla fighter during the revolution against the Dutch. The president has regarded him as a son. A Christian born in the Philippines, Sumual once served as a sergeant in the Dutch army.

Though critics of the central government, seated in this Java city under Premier Ali Sastroamidjojo, the revolutionaries made it clear they did not wish to do quickly.

"May God bless us," the declaration said.

Autonomy Is Cited As Demand

Bloodless Coup Installs Leader

Jakarta, Indonesia, March 2 (AP)—A bloodless revolt flared today in East Indonesia along a pattern set last December in Sumatra, in the west.

Greater autonomy is the main demand of 51 leaders of the eastern islands who proclaimed the coup, just as it was in the abortive uprisings in Sumatra.

New Factor Appears

A new factor appeared, however, in widespread opposition to President Sukarno's recently proclaimed plan to give the Communists a voice in governmental councils of this predominantly Moslem nation.

The revolutionaries announced at 3 a. m. they had installed the governor of the Celebes, A. P. Pettarani, as military governor of all East Indonesia—taking in the Celebes, Moluccas and the lesser Sunda islands. They reported the "takeover of the civilian administration shall be done quickly."

"May God bless us," the declaration said.

Ike Fears Loss of Deal Power

Senate Asked to Keep Aid Resolution Intact

Washington, March 2 (AP)—

President Eisenhower asked the Senate today to defeat a proposal to strip the Middle East resolution of his economic aid authority lest he be denied power to deal with "the danger of subversion."

The President's plea was read to the Senate by Republican leader Knowland of California as its members gathered for a crucial test vote on the resolution.

(Continued on Page 5, Col. 4)

Fears Interpretation

The test shaped up on an amendment which would deny the President emergency authority to spend 200 million dollars for military and economic assistance to the critical area in the next four months.

Eisenhower said he feared adoption of the amendment sponsored by Sen. Russell (D-Ga.) and others would be interpreted abroad as an indication "our country wants to wage peace only in terms of war."

The Russell amendment would limit the resolution to a pledge to use our armed forces if necessary to help Middle East nations resist armed aggression by international communism.

Adoption of the amendment,

Youth Who Shot Self Succumbs

Francis J. Linder, 20, of Darby, Pa., in critical condition since February 19 when he shot himself in the head with a .22 caliber rifle, died during the night at Albany Hospital.

The youth was found lying across his bed in the Pineola Hotel, Accord, by the proprietor, Mrs. Nellie James. He was brought to Kingston Hospital by Humiston Ambulance, Kerhonkson, and rushed to Albany by Schultz Ambulance in breath-taking race against death.

Making the trip on the ambulance were Guernsey Burger, Jacob Schultz and a nurse, B. Gedney of Kingston Hospital.

Young Linder, who reportedly left suicide notes to his family indicating despondency, lay in critical condition in Albany Hospital until his death last night.

Milk Strike Waning, Orange Group Moves to Halt Action

New York, March 2 (AP)—A tri-state area milk strike, now in its sixth day, appeared to be waning as some New York dairy farmers pulled out of the dispute.

Supplies moved normally in most of New York, New Jersey and Pennsylvania as incidents of violence tapered off to a few isolated areas.

The strike was called Sunday night by the Tri-State Master Dairy Farmers Guild in a move aimed at increasing the price paid for raw milk.

Striking Guildsmen in Orange county, one of New York's largest

the President declared, would "gravely impair our ability" to help Middle East nations "preserve their independence."

Aimed at Two Dangers

"The resolution is directed against two dangers, and direct armed aggression and indirect (Continued on Page 5, Col. 6)

Moroccan Ruler Endorses Ike's Mid-East Plan

Rabat, Morocco, March 2 (AP)—Sultan Mohammed V has termed President Eisenhower's Middle East doctrine a wise plan after hearing Vice President Nixon explain its terms.

The President's plan was read to the Senate by Republican leader Knowland of California as its members gathered for a crucial test vote on the resolution.

(Continued on Page 5, Col. 4)

Has Influence

Morocco's ruling sultan has indicated previously that he was receptive to the Eisenhower plan seeking to guard the Middle East from communism, but had not taken a public stand. Morocco is not considered part of the Middle East, but the sultan has influence in that area as a Moslem leader.

A palace spokesman said Nixon explained the Eisenhower policy after his arrival here yesterday as one designed to maintain the independence of the Middle East countries and to provide economic aid.

(Continued on Page 5, Col. 8)

Calls Policy Wise

The sultan then informed Nixon that the U. S. policy is a wise one, the spokesman said. He also praised both Eisenhower and Nixon as friends of Morocco.

The Moroccan ruler discussed the Eisenhower Doctrine with King Saud of Saudi Arabia during Saud's three-day stopover in Rabat en route home from his visit to Washington. Although opposed to French rule in neighboring Algeria, the sultan is considered generally pro-Western.

Thefts Reported To Police Friday

Theft of a car radio and cigarette lighter from an auto parked in the rear of the Montgomery Ward store, and an attempt to steal a case of soda from a Sterling street store were reported to police Friday night.

Abraham Van Steenburgh, of Burt street, Saugerties, reported to headquarters at 8:50 p. m. that while his car, a 1953 Tudor, was parked by the old railroad station in the rear of the Montgomery Ward store, between 6:15 and 8:30 p. m., someone stole his car radio and cigarette lighter. Police reported they were valued at a total of \$100.

A report at 9:15 p. m. said that five teenagers attempted to steal a case of soda from the rear of Lehr's Sterling Market, 36 Sterling street.

Officers William Snyder and Robert FitzGibbon reported, on investigation, that the teenagers "dropped the soda" when they were seen and ran out of an alley into a waiting car and sped off. The car was described as a yellow convertible.

Jerusalem, March 2 (AP)—Premier David Ben-Gurion, in an unprecedented break of the Jewish Sabbath, summoned his cabinet into a top secret meeting today.

Although it was obvious the meeting was concerned with the Israeli withdrawal from the Gaza Strip and the Gulf of Aqaba, it was shrouded in the deepest secrecy. No official was in a position to say why the cabinet had so unexpectedly been called together.

Meeting Put Off
Reports that a meeting between UNEF Commander Maj. Gen. E. L. M. Burns and Israeli Army Chief of Staff Maj. Gen. Moshe Dayan, set for this afternoon, had been postponed until tomorrow, sparked rumors the cabinet is reconsidering the withdrawal. But Israeli officials said that was "mere speculation."

Short of Time
Only a short time earlier, a spokesman for the Nationalist Herut (opposition) party demanded that Ben-Gurion's government resign and order new elections because of the agreement to withdraw. The party, second largest in the nation, scheduled protest marches in Jerusalem next Tuesday and in Tel Aviv Wednesday.

Short of Expectation
Officials in Jerusalem said the statement yesterday by chief U. S. Delegate Henry Cabot Lodge at the United Nations "fell short of expectations." Lodge called for the use of UN forces in the Gaza and Aqaba areas, a UN interim administration in the Gaza Strip, and for freedom of navigation in the gulf.

It previously had been announced here that Lodge's statement, together with the announcement by Israeli Foreign Minister Golda Meir of the Israeli withdrawal, had been virtually agreed upon.

No Reason Given
Commenting on speculation that the Burns-Dayan postponement meant "something went wrong," a government official said "The military informed us only of the 24 hour adjournment—no reason was given."

The call for the government's resignation, dissolution of Parliament and new elections was issued by Jacob Meridor at a mass meeting of several thousand persons in Tel Aviv.

Meridor charged Ben-Gurion had agreed to "a policy of withdrawal and total surrender," without guarantees from either the United States or the United Nations.

No U. S. Protection
"In case of renewed Egyptian belligerency," he said, "the United States will not lift a finger to defend Israel."

He declared deputies, who voted in favor of withdrawal when the question comes before Parliament next week would commit treason and be blacklisted.

The Herut party is the government's chief opposition.

Criticism was voiced also,

Missionary Will Address Church At Bloomington

REV. HOMER WILSON

The guest preacher at Bloomington Reformed Church, Bloomington, and at St. Remy Reformed Church Sunday will be the Rev. Homer Wilson, missionary, home on furlough from Eritrea-Ethiopia, Africa.

Dr. Wilson received his PhD degree from Ohio State University. Dr. and Mrs. Wilson have spent the past 10 years in Africa under the auspices of the Sudan Interior Mission. He also has spent five years in industrial research before undertaking his religious work. The service at Bloomington will begin at 9:45 a. m. and the service at St. Remy 11:15 a. m.

There will be an evening service at 7:30 in the Bloomington Church. At this time Mrs. Wilson will show colored slides pertaining to their work in Africa and will lecture on the subjects shown by the slides.

Mrs. Wilson was formerly professor of music at Columbia Bible College at Columbia, S. C. There Dr. Wilson earned Magna Cum Laude the degree of MA in Theology.

Immanuel Plans Lenten Services

Preparations for the observance of Lent at the Immanuel Evangelical Lutheran Church, Livingston street, have been completed according to the Rev. Martin P. Dienst, pastor of the church.

As is customary mid-week services will be held each Wednesday at 7:30 p. m. beginning with Ash Wednesday, March 6. The Rev. Mr. Dienst has chosen as his general theme for sermons at these services "The Principal Characters of the Passion-Story." On Ash Wednesday he will speak on "Judas, Neglected Opportunity." For the weeks following his themes will be: March 13—"Peter, The Return of a Sinner"; March 20—"Pilate, Opportunity Rejected"; March 27—"Herod the Curious"; April 3—"The Two Thieves"; April 10—"The Executioner's Confession."

As a moment of the Ash Wednesday service each worshipper will be given a miniature gold cross which may be worn on the coat lapel or dress. This type cross was made popular by the Lutheran Hour radio broadcast sponsored by the Lutheran Laymen's League of The Lutheran Church—Missouri Synod. Immanuel Church is affiliated with this church body and its members help support the broadcast. The Lutheran Hour has distributed over two million of these miniature crosses to listeners of the broadcast.

The public is cordially invited to observe Ash Wednesday with the members of Immanuel Evangelical Lutheran Church by attending the service at 7:30 p. m.

Lent Regulations For Catholics

fast and abstinence applicable to the following regulations on the Season of Lent have been announced by the Catholic Archdiocese of New York.

Everyone over seven years of age is bound to observe the law of abstinence. Complete abstinence is to be observed on Ash Wednesday, March 6, and all Fridays. On days of complete abstinence meat and soup or gravy made from meat may not be used at all.

Partial abstinence is to be observed on Ember Wednesday, March 13. On days of partial abstinence meat and soup or gravy made from meat may be taken only once a day at the principal meal.

Everyone over 21 and under 59 years of age is also bound to observe the law of fast. The days of fast are all the weekdays of Lent.

On days of fast only one full meal is allowed. Two other meatless meals, sufficient to maintain strength, may be taken according to each one's needs; but together they should not equal another full meal.

Meat may be taken at the principal meal on a day of fast except Ash Wednesday and the Fridays in Lent.

Eating between meals is not permitted; but liquids, including milk and fruit juices, are allowed.

When health or ability to work would be seriously affected, the law does not oblige. In doubt concerning fast or abstinence, a parish priest or confessor should be consulted.

The Cardinal Archbishop has granted a dispensation from the fast on Saturday, March 16, an Ember Day, because of the civic celebration of the Feast of St. Patrick, Patronal Feast of the archdiocese.

He also granted a dispensation from the fast and abstinence on Holy Saturday, April 20.

Ash Wednesday At AME Church

Special Ash Wednesday services will be held at the Franklin Street AME Zion Church March 6 at 8 p. m. The Rev. Mr. Theodore R. Bowser Daniels, chaplain of the Wiltwyck School for Boys, Inc. of Esopus, will be the guest preacher.

The Rev. Mr. Daniels was born in Austin, Tex. and received his early education in Oklahoma. He taught school in Oklahoma and was active in the religious activities of that state for several years. He served as Young Men's Order of Royal Ambassadors, of the Oklahoma State Baptist Convention.

For six years he served his country as a chaplain in World War 2, during which time he rose to the rank of captain. Several years ago he came to New York city to continue his studies at New York University and was appointed an instructor in the common branches of the New York city public schools.

The Rev. Mr. Daniels has earned the following degrees: BD, BS, BT, MA from Langston University, Oklahoma School of Religion, Harvard University, Carlisle School for Ministers and New York University where he is now an accepted candidate for the Doctor of Philosophy, taking as the subject of his thesis, "The Therapeutic Value of Religion on Emotionally Disturbed Children in New York State."

The public is cordially invited to hear the Rev. Mr. Daniels at this service.

The Boys' Choir from the Wiltwyck School for Boys, Inc. of Esopus will be presented in a recital at the Franklin Street AME Zion Church at 3 p. m. Sunday, March 3. The Board of Stewards of which Robert Hardin is the president, is the sponsoring organization. The public is invited to hear these talented young singers.

SOCIAL ACTIVITIES

SOCIETIES • CLUBS • PERSONALS

Miss Abbey, Foreign Service Member Will Speak for B&P Club

MISS DENISE ABBEY

Miss Denise M. Abbey, director of the German-American Institute, Mannheim, Germany, will be the guest speaker at the super-meeting of the YWCA Business and Professional Women's Club on Wednesday, March 6. This meeting will be open to any women interested in hearing Miss Abbey and, in order that members and guests wishing to attend the evening church services may hear her, the supper will be served that evening at 5:45 p. m. The program is expected to start at 6:30 p. m. Supper reservations must be made at the YWCA by Monday noon.

Miss Abbey is a member of the foreign service of the United States Information Agency, and has been responsible for much of its work in several European cities. Currently on home leave in the United States, she expects to return to her post in Germany for another two year tour. Miss Abbey has lectured widely in both the United States and in Europe and has a large collection of color slides. Her European experiences and course in U. S. foreign policy taken this year in Washington enables this speaker to bring her listeners a vivid picture of what our government is doing toward peace through a cultural program.

Although there are 23 American Houses in Germany, only five of them are bi-national centers as well. Mannheim shares this honor with the university cities of Marburg and Tuebingen and the industrial centers of Darmstadt and Regensburg. Free libraries, film and music collections and programs of lectures and seminars help the people in these cities toward an understanding of American literature and the arts and the nation to which they belong. An exciting part of Miss Abbey's home-leave and an example of cultural exchange was the reception given her in Mainheim, Pa., this January where she was the guest of their committee preparing to cooperate with Mannheim, Germany, in its 350th Anniversary.

Now claiming Seattle, Wash., as her home, Miss Abbey cherishes a heritage from Kingston where her clipper-ship sailor grandfather lived as a boy, a tie that makes her feel not a stranger as she comes to visit. She is an active member of the Business and Professional Women's organization of Germany and consultant of the Austro-American Institute, Vienna, where she served for many years before transferring to Germany.

The Boys' Choir from the Wiltwyck School for Boys, Inc. of Esopus will be presented in a recital at the Franklin Street AME Zion Church at 3 p. m. Sunday, March 3. The Board of Stewards of which Robert Hardin is the president, is the sponsoring organization. The public is invited to hear these talented young singers.

Brush Arbor Is Revival Feature

An old-fashioned Brush Arbor service will be tonight's feature at the Revival, being held in the Church of the Nazarene, Elmendorf street at Wiltwyck avenue. The theme of the service will be along the lines of a 19th century camp meeting. Songs and special musical numbers will be reminiscent of this period of religious revival which sprang from the "grass roots" society. The Rev. and Mrs. LeRoy Warner of Saratoga Springs, will be singing and the Rev. Warner will preach on the theme, "Old Fashioned Values."

Sunday will be the last day for this special series of services. The Rev. Mr. Warner will be preaching in both the 11 a. m. and the 7:30 p. m. service. His wife, Edith and seven-year-old daughter, Sally, will be featured. Sally will be singing several solos during the day.

Good progress has been made during this time of spiritual awakening, the Rev. E. E. Heron, pastor, reports. Attendance and interest has been good and the people of the church have been greatly encouraged.

An invitation is extended to all our friends to attend these last revival services.

Matrimony Subject In Series for Lent

Father Cletus, OFM, JCD, will be the guest speaker for the next in a series of discussions sponsored—as part of its Lenten cycle—by the Mid-Hudson Catholic Club at the Retreat House, Mount Alvernia Seminary, Wappingers Falls.

Starting March 6 at 8 p. m. and resuming on the two consecutive Wednesday evenings, Father Cletus will conduct a course on "Matrimony: as explained in the Canon Law of the Church."

Doctor of Canon Law, Father Cletus studied at the Antonine in Rome, and presently is master of clerics and a faculty member at Mount Alvernia Seminary.

by the minister, the Rev. Dr. Clyde Herbert Snell; 9:15 p. m. Church World News, a weekly summary of events in the fields of religion. Each day, except Sunday, 8:55 a. m., Morning Chapel, a brief devotional service, to be conducted by the following minister as indicated: Monday, Tuesday and Wednesday, the Rev. Reginald McHugh, assistant minister of St. Mark's AME Church; Thursday, Friday and Saturday, the Rev. Harry L. Christiana, minister of Port Ewen and Ulster Park Reformed Churches.

Religious Radio Programs Sponsored by the Kingston Area Ministerial Association and presented as a public service over Station WKYK, the following programs of Christian faith and life will be broadcast during the coming week: Sunday, 10:45 a. m., "Let There Be Light," a transcribed production of the Broadcasting and Film Commission of the National Council of the Churches of Christ in the U. S. A.; 11 a. m., morning service of worship from Clinton Avenue Methodist Church; with sermon

FEWER WIDE-OPEN SPACES

All through its history America's geographic spaciousness has been a deeply prized asset. We have been a people able to enjoy plenty of elbowroom.

This had its important economic aspect. Men who felt ground down in one place could pick up and move out to try their fortunes elsewhere. Our western spaces were particularly useful as a kind of economic safety valve.

Politically this spaciousness had great value, too. As it led people to move around, it prevented too much rigidity in our political life. Patterns constantly shifted, producing new alignments and strikingly fresh results.

And our vast spaces in fact kept the whole social structure fluid, with the consequence that opportunities for men to better themselves were more ample here than anywhere on earth.

That social fluidity and political flexibility are still features of American life. They are related not only to space but to now deeply ingrained habits of mobility and to our rich economic resources which spur individual initiative.

Yet it is apparent that we no longer have the same beckoning spaces we once had. The historians say the "geographic frontier" was closed long ago. That we still have an impressive economic frontier at all is considered the result of our remarkable scientific and inventive genius.

From ancient times people have always huddled together in cities. But never have they been so packed with humanity as in our great centers today. And the cities are fanning out into the countryside until in some places the land between two communities is almost wholly urbanized.

The smaller spaces left to men within the cities are vanishing just as are the great spaces.

Many men need elbowroom, not only as an escape valve for their dissatisfactions, but also as a simple means of holding themselves apart as individuals.

The population explosion of the mid-20th century is devouring this "psychological space" as many developments helped consume geographic space.

We Americans are confronted with the task of accommodating to this great change.

We shall have to find new ways of securing our personal spaces despite the swelling numbers that jam our cities and even some of the countryside.

Perhaps, more and more, we will make our homes into little islands of privacy where we can retreat from the pounding human traffic.

Some of us, hearing the din outside, may be reluctant to emerge at all.

Socialism is like a drug. It can bring temporary illusion of grandeur, but if long indulged in the result is destruction of a nation's character and loss of the people's liberties.

ONE BILLION GONE

Almost a billion dollars worth of this nation's wealth vanished in smoke and flames last year. That was substantially more than fire losses in 1955. It was enough, the National Board of Fire Underwriters reports, to have paid the nation's laundry or dental or water bills.

There is a somewhat brighter aspect of this picture. The percentage of the national wealth destroyed by fire in our day is only about one-third as much as it was in 1900. Proportionately, fewer buildings are struck by fire than was the case years ago.

All this is rather cold comfort, however. One inevitably comes back to that billion-dollar loss. Even this, the wealthiest nation on earth, can ill afford to have that much of its wealth go up in smoke.

A Russian book on etiquette advises taking a bath once a week. Any one exceeding that probably would be accused of imitating the filthy rich in America.

These Days'

By GEORGE SOKOLSKY

WHAT'S WRONG WITH U.N.

Senator William F. Knowland, having been made a member of the American delegation to the United Nations, has discovered five major defects of that organization. They are:

1. The abuse of the veto power by the Soviet Union.

2. A growing 'Double Standard' of international morality.

3. The increasing trend to bloc voting.

4. An expanding tendency to interfere in the internal affairs of member nations.

5. Unwillingness of many of the 80 members to equitably share the monetary costs and other obligations of the United Nations and its related activities while insisting on a full and equal voice in the making of decisions, the burdens of which must be assumed by others.

To these I should like to add a sixth, namely, that delegates to that body have come to believe that the United Nations Organization represents something distinct and separate from its members, whereas it is only as effective as the members, the principal members permit it to be.

The veto, which was first proposed by the United States, has turned out to have been an error. Soviet Russia has employed it 80 times. France, four times, Great Britain twice, China once and the United States never. Five nations only may use the veto. Of these five, the proportion is Soviet Russia—80; the other four nations seven. Obviously this represents an abuse and a disproportion.

But there is a further abuse in the fact that there are 80 member-states of the United Nations. Of these 80, 75 may never veto a measure, but five have used the veto 87 times and one of them 80 times. The proposition has neither logic nor consistency and must be put down to a mistake.

The Charter of the United Nations can be amended by a two-thirds vote. As the United Nations is now constituted, it is not believed that an amendment to the Charter could gather a two-thirds affirmative vote. Therefore no amendments have been proposed and Soviet Russia can destroy any reconstructive measure by the use of the veto.

The Double Standard of Morality may be a characteristic of Machiavellian politics. Knowland makes the point:

"The Afro-Asian Bloc voted for prompt action against the British, French and Israeli aggression in Egypt and time after time abstained from voting on the several resolutions relative to Soviet aggression against the people of Hungary."

Perhaps a sharper example is Nehru's imperialism in Kashmir while he is attacking the British and French for their imperialism. Nehru has won a reputation as an idealist, a man of high morality. Actually, he is a politician who functions the same as other politicians with a patina of Gandhism which is essential in his particular country. The Double Standard of Morality can wreck the United Nations because it can make it nothing more than a pragmatic bazaar for international deals.

It is because of this tendency to make a bazaar out of the United Nations that bloc voting developed. For this, all the great powers are responsible. Stalin foresaw the technical advantage of this system and tried to get Roosevelt, at Yalta, to accept all the member republics of the Soviet Union as U.N. members. However, he did manage to get three votes, Russia, the Ukraine and White Russia (Byelorussia).

The Afro-Asian Bloc, organized at the Bandung Conference, really consists of the newly liberated countries led by India. It is a dangerous bungle because it is entirely pragmatic and disregards all principles of international comity. Some of these countries, however, could not quite accept the Soviet brutality in Hungary and with regard to this one instance broke away from the iron-clad contract to stand together.

It would appear that the smaller countries do not fear war as much as the great powers do. In the first place, once a war became general, the great powers would become involved and would do the fighting. Secondly, a large profit can be made out of the great powers, as enormous profits have been made out of nationalism, the two major powers paying an enormous price for friendship and allegiance.

The United States pays approximately one-third of the total cost of the United Nations. The other 79 nations pay two-thirds. Of these, some pay very little; others evade payments. Some pay in their own currencies which are worth little or nothing.

That Body of Yours

By JAMES W. BARTON, M.D.

REST AND MOVEMENT IN TREATMENT OF THE ELDERLY PATIENT

"The key to the successful treatment of the elderly patient is kindness, understanding, and a show of interest. Activity should be preserved as long as possible and the patient must be impressed with the fact that he is wanted and has a function to perform in the home." I am quoting Dr. G. A. Lawson, head of the Department of Physical Medicine, at Sunnybrook Hospital, Toronto.

Rest is a traditional treatment for elderly patients but Dr. Lawson warns that excessive inactivity can be dangerous. Patients kept in bed too long tend to become weak and listless, to sleep poorly and to lose weight. Bowel and bladder functions are disturbed. Pressure sores develop after weight loss and are often aggravated by incontinence (inability to control the urine and stool). Nursing care is difficult.

Old muscles waste quickly if not used; old joints stiffen rapidly if not moved; and old bones lose their mineral content if they do not bear weight. A clot of blood in heart or blood vessels may develop as may brain strokes. Pneumonia is common in elderly patients confined to bed. Such ailments can usually be prevented by getting the patient up and about or by active bed exercises, including foot and ankle movements, contracting the large muscles in the thighs, arm and shoulder movements, and breathing exercises.

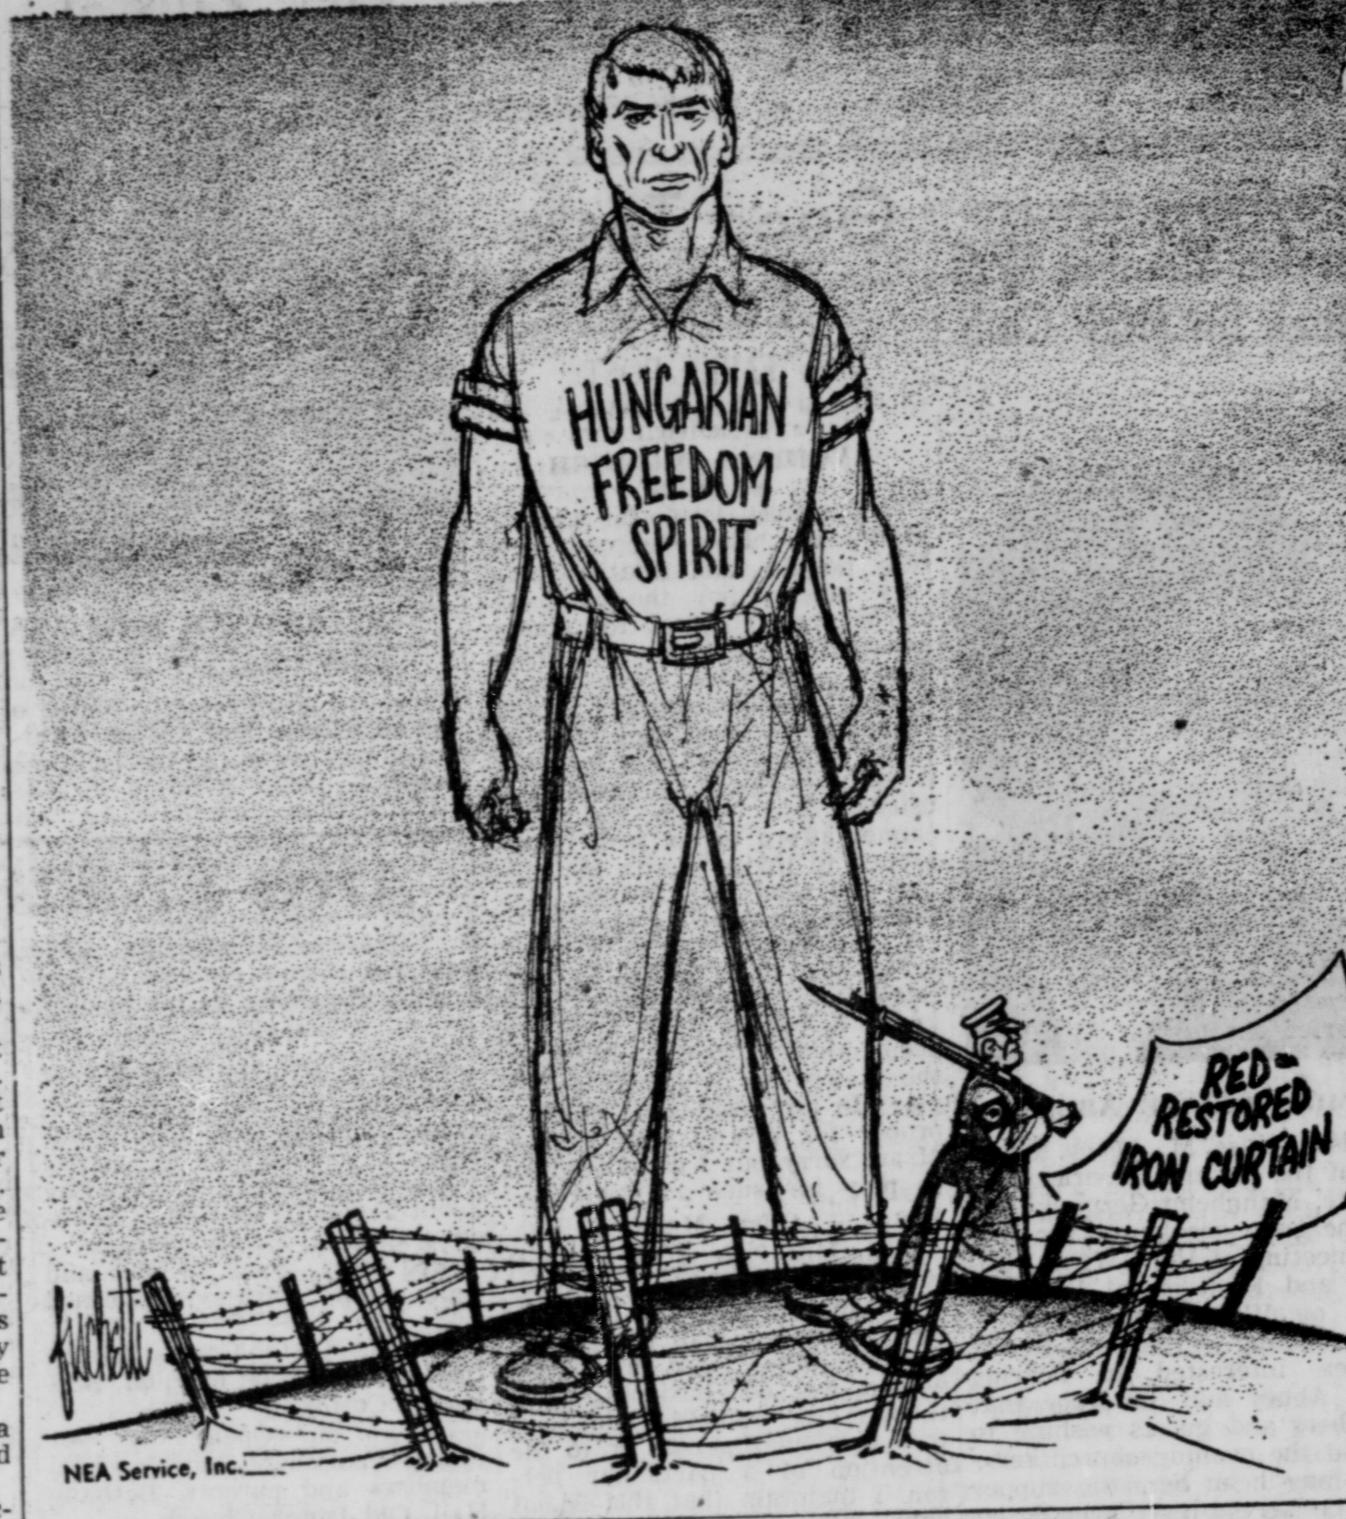

A few principles determine when rest is advisable and when movement should be started. If inflammation exists, rest is necessary. When inflammation subsides and repair begins, exercise should be started; activity should be restricted at first. With patients who have paraparesis of one side of the body, good positioning in bed is important. A foot board and cradle to keep the bed clothes off the feet help prevent foot drop. An overhead bar is useful in encouraging the patient to move about in bed without using his elbow to shift himself and in protecting the shoulder joint against too much pressure. This may prevent painful shoulder after a stroke and the bar is useful in helping the patient to a sitting position at the side of the bed so that he can begin to get his balance.

The patient must be encouraged to get out of bed and attempt to move; the importance of exercise cannot be overemphasized. Later during convalescence, the patient must begin to care for himself and to walk with a cane. If use of the hand has not returned in six weeks, further improvement is unlikely and the patient should be encouraged to concentrate upon use of the other hand.

Persons who have had a stroke with resulting speech difficulty present a difficult problem. Many will be able to speak well enough to make their wants understood. Families of the patients should be told that loss of the power of speech does not necessarily imply mental deterioration. With help and patience these patients often improve considerably.

Patients who sit in wheelchairs or ordinary chairs a great deal often get contractures of the hip and knee joints. These patients should lie face downward on a firm bed and do extension (straightening out) exercises of the hip and knee joints for 15 to 20 minutes twice a day.

Impossible to Imprison

Washington News

BY PETER EDSON

NEA Washington Correspondent

Washington — (NEA) — The midwinter cocktail party crescendo is with us and you've never heard such righteous, anguished cries from Capitol Hill about the strain of it all.

Rep. Wayne Hays (D-Ohio) claims that it is giving him a Charley horse in his "smiling muscles."

"They are 'right' behind my ears and after a time my scalp starts feeling tight," he complains.

"It is because of this tendency to make a bazaar out of the United Nations that bloc voting developed. For this, all the great powers are responsible. Stalin foresaw the technical advantage of this system and tried to get Roosevelt, at Yalta, to accept all the member republics of the Soviet Union as U.N. members. However, he did manage to get three votes, Russia, the Ukraine and White Russia (Byelorussia).

The Afro-Asian Bloc, organized at the Bandung Conference, really consists of the newly liberated countries led by India. It is a dangerous bungle because it is entirely pragmatic and disregards all principles of international comity. Some of these countries, however, could not quite accept the Soviet brutality in Hungary and with regard to this one instance broke away from the iron-clad contract to stand together.

It would appear that the smaller countries do not fear war as much as the great powers do. In the first place, once a war became general, the great powers would become involved and would do the fighting. Secondly, a large profit can be made out of the great powers, as enormous profits have been made out of nationalism, the two major powers paying an enormous price for friendship and allegiance.

The United States pays approximately one-third of the total cost of the United Nations. The other 79 nations pay two-thirds. Of these, some pay very little; others evade payments. Some pay in their own currencies which are worth little or nothing.

The Rev

Local Death Record

Mrs. Betty T. Welch

Mrs. Betty Turner Welch, 50, of Brooklyn died at Kings County Hospital, Brooklyn, Friday. Surviving are a daughter, Charlotte, wife of Harry Johnson Jr.; her mother, Mrs. Jeannette Turner, both of Kingston; two sisters, Virginia, wife of Paul Struble of Kingston and Mrs. Pansy Litts of Middletown. Funeral services will be private at Sweet and Keyser Funeral Home, 167 Tremper avenue on Monday. Burial will be in Fairview Cemetery, Stone Ridge. Friends may call at the funeral home Sunday from 7 to 9 p.m.

John Gill

Funeral services for John Gill of Hurley who died Wednesday in his home at Gardiner this morning after a short illness. He was born in Honk Hill, a son of the late Alfred and Catherine Hardenbergh McKinstry.

He lived in Gardiner about 60 years where he formerly operated a large dairy farm. Mr. McKinstry moved to the village of Gardiner where he owned and operated a grocery store. He married the former Ella Dusinberre in 1895, and was a member of Gardiner Reformed Church. He served on the Town Board for many years. Besides his wife, he is survived by a son, Floyd of Gardiner. Funeral services will be held Monday at 2 p.m. from Sutton Funeral Home, Clintondale. Burial will be in New Paltz Cemetery.

Mrs. Mary P. Greene

Mrs. Mary Pinkman Greene, 75, of Rosendale died in Kingsland Friday following a short illness. She was born in Kingston a daughter of the late Thomas and Margaret Walsh Pinkman and had resided in Rosendale for several years. Surviving are her husband, William Greene and a daughter, Genevieve C. Higgins of New York City. The Rev. H. C. Schmalzriedt Jr., pastor of Hurley Reformed Church, officiated.

Services were largely attended and there was a profusion of beautiful flowers. Thursday night, many friends including representatives of the Hurley Fire Department, the Ulster County Vegetable Grower's Association and the Farm Bureau called to pay their respects. Burial took place in Hurley Cemetery.

CLEMENTS — At Kingston, N. Y., March 1, 1957. Henry B. of 60 Elm street, Saugerties, N. Y.

Funeral service Monday at 2 p.m. from the Hartley and Lamoureaux Funeral Home, 8 Second street, Saugerties, N. Y. Interment in the Mt. View Cemetery. Friends may call at the funeral home Sunday and Monday from 3 to 5 and 7 to 9 o'clock.

BYCZEK — Entered into rest on Friday March 1, 1957, at Berry street, Wallkill, N. Y., William J. Byczek.

Funeral services from the Ronk Funeral Home, Wallkill, on Monday March 4, at 10 a.m. and from St. Benedict's Church, Wallkill at 10:30 a.m. where a Mass of requiem will be offered. Friends may call at the funeral home Sunday afternoon and evening. Rosary service will be held Sunday evening at 8:30. Interment in St. Mary's Cemetery, Montgomery, N. Y.

LUTZ — Edmund R., on Thursday, February 28, 1957, of Ulster Park, N. Y., beloved husband of Clarissa Lutz (nee Velie) father of Arnold W., and Frank Walter Lutz; brother of Oscar Lutz, Mrs. Harry Hoffman and Mrs. John Weckle.

Funeral services will be held from the Henry J. Bruck Funeral Home, 27 Smith avenue, Monday afternoon March 4, at 2 p.m. the Rev. Harry E. Christians will officiate. Interment in Poughkeepsie Rural Cemetery. Friends may call at the Funeral Home Saturday evening 7-9 and Sunday afternoon and evening 5-7. Kindly omit flowers.

GREENE — At Kingston, N. Y., Friday, March 1, 1957. Mrs. Mary Pinkman Greene, of Rosendale, N. Y., beloved wife of William Greene and devoted mother of Genevieve C. Higgins.

Funeral will be held from the George J. Moylan Funeral Home, Main street, Rosendale, N. Y., on Saturday and Sunday from 2 to 4 and 7 to 10 p.m.

Henry B. Clements

Henry B. Clements, 78 of 60 Elm street, Saugerties died in Kingston Friday. He was born in Katsbaan and was a life time resident. Mr. Clements was a quarry superintendent at Lehigh Portland Cement Company, Alsen for many years prior to his retirement. Surviving are his wife, the former Effie Dederick; a son, Maurice of Saugerties; a sister, Mrs. John Craft of Quarryville and a brother, Jack Clements of Yonkers; also a grandson. The funeral will be held Monday at 2 p.m. from Hartley & Lamoureaux Funeral Home, Second street, Saugerties. The Rev. Richard I. Crossland, pastor of Evangelical Lutheran Church of the Atonement, Saugerties, will officiate. Burial will be in Mt. View Cemetery. Friends may call at the funeral home Sunday afternoon and evening.

Charles S. Atkins

Charles S. Atkins, 59, of Broadway, Port Ewen died this morning at Benedictine Hospital following a long illness. Mr. Atkins was employed as a machinist at Electrol Inc., Kingston for many years. He was a veteran of World War I, having served in the navy. A member of Esopus Post 198, American Legion, he was a past Chef de Coop of Voiture 381, La Societe Des 40 Hommes et 8 Chevaux of Ulster county. Surviving are his wife, the former Mabel Stredt; two daughters, Mrs. Arnold Ellsworth of Port Ewen and Mrs. Alden Roos of Kingston; six grandchildren. Funeral services will be held at Sweet and Keyser Funeral Home, 167 Tremper avenue Tuesday at 2 p.m. Burial will be in River View Cemetery, Port Ewen. Friends may call at the funeral home Sunday and Monday from 3 to 5 and 7 to 9 p.m.

Henry B. Clements

Henry B. Clements, 78 of 60 Elm street, Saugerties died in Kingston Friday. He was born in Katsbaan and was a life time resident. Mr. Clements was a quarry superintendent at Lehigh Portland Cement Company, Alsen for many years prior to his retirement. Surviving are his wife, the former Effie Dederick; a son, Maurice of Saugerties; a sister, Mrs. John Craft of Quarryville and a brother, Jack Clements of Yonkers; also a grandson. The funeral will be held Monday at 2 p.m. from Hartley & Lamoureaux Funeral Home, Second street, Saugerties. The Rev. Richard I. Crossland, pastor of Evangelical Lutheran Church of the Atonement, Saugerties, will officiate. Burial will be in Mt. View Cemetery. Friends may call at the funeral home Sunday afternoon and evening.

Jesse Connor

Jesse Connor, of Marbletown died early this morning at his residence. He operated a dairy farm for L. A. Hornbeck of Napanoch for 32 years and at his own farm at Kripplebush for 12 years until his retirement. Mr. Connor has lived in Marbletown for the past 14 years and is a member of Napanoch Methodist Church and of the official board

**You can apply
FORMICA
on the Job!**

Anyone can apply real professional Formica on a sink top or any other surface with the aid of Formica Contact Bond Cement. Carpenters find that Formica works quickly on the job with their regular power tools. The home handyman takes a little longer, but finds it just as easy to use simple hand tools.

Step-by-step picture instructions help you do the job.

**KINGSTON LUMBER
CORP.**

"Where Quality Rules"
Lumber & Building Materials

344 FAIR ST. PHONE 2052 KINGSTON, N. Y.

**The 'Wingate'
Ideal in
Any Location**

Rooms Seven
Bedrooms Three
Closets Seven
Cubage:
House 33,200 ft.
Garage 5,200 ft.
Dimensions 59' x 36'
(Garage 20' 6")

Today's Home of the Week, the "Wingate," is a charmingly comfortable looking house that will be "at home" in any location.

The L-shaped arrangement of the house gives it a truly distinctive appearance and at the same time lends itself to a very convenient interior layout. From the moment you step through the front door . . . which opens on a connecting hallway leading to the living room, and dining room . . . you can see the careful planning that has gone into the designing of this plan.

Hallways separate and give privacy to every room at the same time as they make the rooms readily accessible. The large number of centrally located closets solve your storage problems. And, placing the bedrooms in the left wing of the house provides the greatest possible degree of privacy and quiet for the sleeping quarters.

Large and pleasant, the living room has two large picture windows as well as two regular size windows. A fireplace also helps to make this a very attractive room with many decorative possibilities.

Definitely a work center, the kitchen is compact and well planned with everything you need to carry on your kitchen

**Remove All 'Skin'
From Paint Can**

After you have finished a painting session, be sure that the lid is replaced tightly on the can. When next you use it, you may find that a "skin" has formed on top of the paint. Carefully discard this—all in one piece, if possible—then stir the paint until it's ready for use. To make sure that no particles of the skin remain to mar the smooth coating you will apply, strain the paint through a strainer you've obtained from your dealer—or through cheese-cloth, fine wire screening or an old stocking.

**Asphalt Paint Best
On Tar Paper Roof**

Tar paper roofs are usually painted with asphalt paints containing fibrous asbestos or with the newer aluminum-asphalt paints which are black asphalt varnishes in which aluminum powder or paste is mixed. When applied, the aluminum flakes float to the top and give a metallic lustre to the coating. Besides having good durability, these paints reflect the sun's rays and keep a building appreciably cooler in warm weather.

'Hide' the Kitchen

There are times when today's housewife wants to shut her kitchen off from her living-dining area, but finds it difficult with the popular "designed for open living" type of house. Architect Frank Lloyd Wright has solved this problem with a series of hardwood plywood panels joined by piano hinges. When not in use, the panels—which match living room paneling and kitchen cabinets—fold flat against the wall.

Don't Criticize Openly

If you go to look at a house or apartment which is for sale, don't make uncomplimentary remarks about the place to the person living there. After all, if it has been their home they won't appreciate having you point out that the living room is too small or the kitchen inconvenient. Of course, you'll notice such things, but you don't need to comment on them.

cellent results, low rental, too!

MONTGOMERY WARD
Kingston, N. Y. Phone 7300

314 Wall St. Phone 148

tasks close at hand. A window in the back wall brings added light and ventilation to the room; the door in the back wall provides ready access to the back yard. This door will prove especially handy when the youngsters are "coming and going" during play sessions. The kitchen window will make it easier for you to keep an eye on them, too.

No breakfast nook is provided in this plan but since the dining room opens directly off the kitchen this presents no inconvenience. This room, too, is well lighted and cheerful; attractive plantings in the stone window box can make it even more so.

Three regular bedrooms are suggested in this plan. Should you need four, you can use the den. All of these rooms feature good lighting and cross ventilation. Each also has ample storage space. The bathroom is placed conveniently near to the sleeping quarters.

From the den there is direct access to the two car garage. The fireplace wall in the garage can serve as support for storage shelves where gardening tools

are stored.

This design is approved by the VA and FHA. Complete blueprints and specifications of the "Wingate" are available with a money-back guarantee if for any reason the builder decides not to proceed with building plans.

Blueprints Available

Complete plans and specifications for this house and all other "Home of the Week" designs are available at moderate cost. Address requests (mentioning name of home to Home of the Week, Inc., Dept. KF, 87 Weybosset street, Providence, R. I.

**Wood Ashes Will Benefit
Peonies if Applied Now**

An application of wood ashes scratched into the soil around the peonies will do them much good now. They still have another month or longer to take advantage of the potash supplied by it and what is left will be available when they come to life again next spring. The liberal use of potash is especially beneficial to them and wood ashes is superior to sulphate or muriate of potash because it cannot burn the roots. While it becomes available more slowly than the chemical fertilizers its action is more prolonged.

**Select Crabapple Tree
For Its Attractive Fruit**

Crabapples are very beautiful flowering trees and late fall planting agrees well with them.

By selecting varieties which bear attractive fruits also they may be enjoyed much longer than where flowers alone are their main attraction. Even under ideal weather conditions the flower display is much too short to suit the gardener and the situation is even worse where a few hot days further shorten their life.

Bedrooms and the living room should get sunshine and catch prevailing breezes.

Few families have enough storage space. Check this most carefully if there is no basement.

Study location of doors and windows. Will furniture fit in well? Don't move in and find cut-up rooms make furniture placement difficult.

The bathroom should have storage space. Walls and floors should be finished with a permanent material, such as clay tile. Over a tub-with-shower, the tile work should be carried to shower-curtain-bar height or to the ceiling.

The bathroom should have storage space. Walls and floors should be finished with a permanent material, such as clay tile. Over a tub-with-shower, the tile work should be carried to shower-curtain-bar height or to the ceiling.

Good Holding Power

"Threaded" nails have exceptional holding power for such jobs as laying flooring, installing gypsum wallboard, and siding. You can also use them in repairing loose flooring and eliminating "bumps" under tile flooring and "popped" nails in dry wall installations. You drive them in like nails, yet they twist like screws.

Pastel Tints for Wood

A popular finish for western pine paneling is a pastel tint. Mix one part of paint with 16 parts of thinner. Wipe or brush the paint on, then wipe off all the excess with a rag.

**Seek Fund Plan
For Home-owners
In Low Brackets**

NERSICA, the national association of home improvement contractors, has appealed to the chairmen of the Senate and House Banking-Currency Committees to bring into being some form of financing that will enable home-owners in the low and middle income brackets now handicapped by a tight-money market, to borrow funds needed to protect the livability of their dwellings, according to Bert Bishop, Mid-Hudson Council of NERSICA, local affiliate of the

"tight-money" market that has prevailed for some time," the association noted in letters to Senator Fullbright and Congressman Spence, "most institutional lenders refuse to re-finance older properties. Available mortgage funds are channeled into more attractive investments, such as new home construction and the purchase and financing of modern first-rate dwellings. Since real estate evaluations have also increased together with the general price structure, millions of home owners are forced to maintain high monthly payments for the amortization of shrunken balances without hope of utilizing their existing equities.

"This constitutes an appalling waste of buried purchasing power and frozen assets, and is doubly deplorable when we realize that these same owners face the imperative need to finance essential improvements.

"Certainly to create a medium of financing these improvements at a reasonable rate of interest, instead of leaving these home owners to the mercy of those who are only too happy to make the loans at exorbitant charges, could never be considered something that would add to the pressure of inflation."

The association recalled that when testifying before a subcommittee of the House Banking and Currency Committee last Spring, it had offered the so-called NERSICA formula. Under this plan, certain provisions would be enacted under Title II of the National Housing Act to permit the Federal Housing Administration to insure mortgage loans on existing single or double family dwellings erected prior to January 1, 1950, such loans not to exceed \$10,000 per unit at a rate of interest of 5% plus 1/4% for mortgage insurance, and having an amortization period of not less than 10 or more than 15 years.

The NERSICA proposal, it was pointed out, represents a substitute medium of home improvement financing that would not interfere or compete with present lending mediums.

"On behalf of these home owners", NERSICA concluded, "we appeal to you and your committee to set into motion the necessary machinery of government in order to bring into being some form of financing that will adequately serve the need for protecting and improving the basic livability and utility of these American homes."

New Steel End Units

Quarter-round and half-round open end units of steel are obtainable for installation at the ends of rows of steel base kitchen cabinets. The tops of these units usually are covered with the same material as adjoining counter tops to lend a continuous line effect. They not only prevent much bumping and knocking against protruding corners but provide decorative shelves for the display of plants and knick-knacks.

Hi-Fi Addict's Room Need Not Be Laboratory

For two million sound-addicts, who take it in the ear, high fidelity is a way of life.

Hi-fi clubs in every major city gather for evening meetings and listen to the near-perfect reproduction of sound.

But audiophiles do not practice their ways in catacombs, the attic or a bedroom. They demand a room consecrated to sound.

Often, their wire, speakers, amplifiers, and pre-amplifiers will turn a living room into a laboratory. One does not merely listen to high-fidelity sound. One has to live with it.

Basic Equipment

The basic equipment—speaker, amplifier, record player—can be camouflaged in many ways.

The most practical way of hiding a hi-fi set is to stow it in a nearby closet. The speaker may then be mounted on the closet door. Another popular hideaway is the living room bookshelf.

Many companies manufacture hi-fi cabinets that can be blended easily into any decoration scheme. Do-it-yourselfers will discover all major plywood concerns distributing plans for hi-fi cabinets.

The speaker is usually placed in a corner of the room. Furniture should be arranged so that sound waves do not immediately bounce off flat surfaces. Heavily upholstered furniture will absorb sound waves and these pieces are generally located far from the mouth of the speaker.

Walls, drapery and carpetings must all be considered when installing a hi-fi set.

The minimum cost for such a set is about \$150. The phonograph should run about \$50, the amplifier \$50, and the speaker \$50. There is no maximum cost. Some sets run into thousands of dollars.

The beginner should plan on using at least two speakers. A 12-inch "woofer" reproduces low notes while a smaller "tweeter" is effective on higher ranges.

The result: Freedom from extraneous noises and distortion, full frequency of the human ear and the complete range of a symphony orchestra.

Fungus Hints Tree Trouble

Fungus growths at the base of a tree indicate rotting of the roots or base of the trunk. Trees with such growths should be given immediate attention by a local tree expert, advises the National Arborists Association.

Usually the size of the fungus growths are in ratio to the amount of root decay. The larger the growth the more extensive the decay. Such trees are more liable to blow over during a windstorm than healthy trees. A tree expert can clean out the rot if it is confined to the buttress roots.

New Electric Clock

Forestville, Conn (UP)—Now there's a labor-saver for labor savers. A new electric clock is equipped to turn on the television set and turn it off again when desired; pre-cool the house or apartment by turning on the air conditioner while you're still at the office; or turn on an electric blanket to warm the covers before you dig in. The manufacturer said the on-off timer would handle any appliance up to 1,100 watts.

Before Caulking

Before applying caulking compound, make sure that the cracks are clean and free from dust and dirt.

Dampen Hardboard To Prevent Buckling

To prevent hardboard used for floor or walls buckling in damp weather due to expansion of the material, increase the moisture content of the board before installation. This can be done by stacking the sheets of hardboard with wet papers or cloth between each layer. Leave them this way for about 12 hours and then install. Don't try this with porous types of wallboard such as insulating board or with gypsum board.

Fence in Keeping With the House

Fences, like everything else connected with the modern home, are changing in style.

Picket fences and split rail fences continue to hold their popularity, but the Western Pine Assn., which comprises more than 100 saw-mills and lumber producers, reports a growing trend toward board fences of various individual designs.

Woven fences, angled board screens and paneled fences are winning wide favor.

The reasons for a fence are many. It may be designed to keep out intruders, to keep children or pets in, or for back-yard privacy. It can be used to add balance to the architecture of the house, such as making a tall, narrow house seem wider. It may serve as a background for flowers or vines, or as a separation between the service area and the yard, the vegetable garden and the flower garden, or the children's play area and the rest of the grounds.

A fence also can screen your yard from objectionable views or it can serve as a windbreak. Decide on what you want your fence to do before you decide whether to make it sturdy or light, solid or open.

Making Postholes

Postholes should not be much larger than the size of the post. Use of a posthole digger, which can be rented in many cases, makes this possible. The hole should be about equal to a third of the length of the post. Tamp 2 inches of gravel in the bottom of the hole before sinking the post and then tamp the earth firmly around the post.

Proper nailing is important. Use aluminum or other non-rusting nails. Boards 1-inch thick call for eightpenny nails and each board width of 6 inches or less calls for two nails, widths of 8 inches or more call for three nails.

Using Paint Brush

Never overburden a brush when you dip it into a paint can. Apply the paint from the end, not the sides. Learn how to use a smooth, back and forth stroke that works the paint into the surface. In starting to paint a wall, begin in the upper left hand corner of a surface and swing your brush to right, as far as you can comfortably reach. Paint a strip from top to bottom, then begin again at the top. Complete one side wall before starting another.

Intercom System

Mother no longer need resort to frequent check-ups on the baby while the family enjoys television in a downstairs "rec" room. An inexpensive new intercommunication system for homes is now on the market which makes a wonderfully reliable "sitter." All you do is plug in one small, smartly-designed unit in the "relaxation" room and plug in the second unit in an electrical outlet in the nursery, where the slightest infant sounds will be picked up.

THEY'LL DO IT EVERY TIME (Registered U. S. Patent Office)

By JIMMY HATLO

Clean Radiators Before Painting

Before painting a radiator, be sure to clean it thoroughly. To protect the floor while you are painting, slide stiff paper under it. Use a long-handled 1 1/2-inch brush and paint the insides of the flutings first. Unless you detach the radiator, there'll be areas you'll have to skip.

To estimate the amount of paint you'll need for the surfaces of a radiator, measure the front area and multiply by seven. If, for example, your ra-

ditor is 3 feet high and 4 feet long, you multiply the 12 square feet by 7—or figure the same amount of paint as is needed for 84 square feet.

Copper Stains

Stains from copper gutters and flashing on concrete surfaces can be removed with a solution of equal parts of household ammonia and sal ammoniac. Scrub the stain with this solution, let it sit for a few minutes and then flush away with fresh water. The sooner you get at these stains the less trouble they are to remove.

Job for Plunger

The suction cup action of a wet drain plunger helps to lift corners of linoleum or other heavy textured material. For a really tight grip, rub soap on the cup edges. And when you call a plumber, call a good one. Make it your business before an emergency arises, to check on plumbers and find out which ones have a reputation for quick service and satisfactory work. If in doubt, call the secretary of the local plumbing contractors' association and ask him to recommend one or two good contractors in your neighborhood.

You can give a custom look to your foyer by planning a rubber tile floor with your own monogram as a center of interest. Resilient rubber is easy to cut into decorative shapes with an ordinary rubber flooring knife, an ideal choice for do-it-yourselfers. Rubber is a trouble-free choice for foyer flooring. It's easy to keep it sparkling just by an occasional once-over with a damp mop.

When decorating your bathroom, cover the plumbing and fixtures to protect them from falling tools and paint splatter.

If necessary to stand in the bathtub, place a heavy cloth on the floor of the tub so that your shoes won't scratch the enamelled surface.

Veterans' Rights, Benefits Listed

Howard C. Shurter, county director Veterans' Service Agency, and William Hartman, state veteran counselor NYS Division of Veteran Affairs, submit another in a series of articles on rights and benefits of veterans, servicemen and their dependents:

Civil Service—Applications for the following positions in the New York Civil Service must be submitted on or before March 15, 1957: correction officer (formerly designated as prison guard), correction hospital attendant (male and female), associate welfare consultant, consultant on child detention care, inspector of welfare institutions, public health nurse, biochemist, senior medical technician, senior attorney (taxation), publications production assistant, employment consultant (parole placement), employment consultant (testing), senior account clerk, hydro-electric operator, laundry supervisor, and tabulating machine operator. Competitive examinations for these jobs will be held on April 13, 1957. Applicants are invited to visit this office for counseling or further information with regard to any of the above positions.

Missiles on TV Have Parts Made By Hercules Co.

Scholarships—In addition to the above New York state Civil Service positions, applications will be accepted until April 1, 1957 for social work scholarships. Ten scholarships offering one year paid tuition at a graduate school of social work plus \$225 a month for living expenses are available. Permanent appointments will be made on the basis of these scholarships after the applicant has finished his formal schooling. Qualified candidates for scholarships will be examined at frequent intervals until April 13, 1957, to determine which applicants will be awarded social work scholarships.

Bonus—The necessary legislation to pay West Virginia veterans a Korean state veteran bonus has been drafted under the recently approved amendment of the state constitution. The bill establishes a maximum of \$400 for overseas service and \$300 for stateside duty. The bonus will be computed on a basis of \$15 a month for foreign service and \$10 a month for domestic service.

New Rulings—The recent U. S. Supreme Court ruling which stated that the government should reimburse veterans who were made to pay the pre-

TILLSON NEWS

Lights Discussed By Civic Group

Tillson, March 2—The regular monthly meeting of the Tillson Civic Association was held Feb. 28 at the firehall, with about 25 members attending.

President Howard Mansfield brought the membership up to date on the various projects the association has been working on for the past few months, and particularly discussed the problem of obtaining a number of lights on Route 32, as recommended by the State Traffic Commission after setting up a speed zone through Tillson. The traffic commission felt that some lighting was necessary to help make the highway a safer place for pedestrians, and might aid in slowing traffic during the evenings and nights. This being a town board matter, the problem was presented to them, but they have refused to take action since they feel only people in Tillson would benefit from it, Mr. Mansfield said.

However, those present requested the association to investigate the matter further, and to exert any pressure they could to have the town board reconsider, and to authorize lights along Route 32, and to have them paid for out of general town funds. If Tillson were to create a lighting district, then only those living on Route 32 could be taxed, making the cost prohibitive, Mr. Mansfield pointed out. He further added that since the town has the right to provide lighting on a dangerous highway, the local people living on that route should not be expected to bear the cost alone.

Residents on Route 32 pointed out that if this were the only way to secure lighting, none could be requested since it would be impossible to expect those people to shoulder the cost.

According to Mr. Mansfield, the cost of such lights would be less than \$500 per year. Six lights are proposed, one by Deyo's garage, one at the intersection by McEvoy's store and post office, one between this intersection and Quaker street, then one at each of the three street intersections to Grove street at Ballantine's.

The organization voted to donate \$5 to the polio fund, the March of Dimes program.

A report was made on the rumor that the village of New Paltz was attempting to secure property in Tillson to use as a dump.

Officials from New Paltz advised that their present facilities would undoubtedly be sufficient for the next five years, and that no such plan was now in effect.

Plans by the town board to have an interim census taken in April were announced. Based on the 1950 census figures, the federal government allows in aid a

TILLSON NEWS

total of \$3.55 per person, but the town now feels that the growth of the area in the past six years has been sufficient to raise that figure considerably, and therefore will go to the expense of having a special census taken. Four census takers are required. Those interested should contact the town supervisor, George Mollenhauer.

A brief resume of the school situation was given, and people were urged to sign the petition which will give them the right to vote eventually for or against the Greater Kingston Area Consolidation plan.

Representing the Tillson volunteer fire company, Harold Harvey, president of that organization, spoke briefly on the alarm system in Tillson, covering such points as how to turn in an alarm, what to expect from the company in case of fire, urging fire prevention, and told men who had recently moved into the area how they could join the company.

Meetings of the Tillson civic association are held the last Thursday of each month. Those interested in civic affairs are cordially welcome to attend meetings, and to join the group.

Mr. Mansfield added that since the town has the right to provide lighting on a dangerous highway, the local people living on that route should not be expected to bear the cost alone.

Residents on Route 32 pointed out that if this were the only way to secure lighting, none could be requested since it would be impossible to expect those people to shoulder the cost.

JTB Hides Strong Hand

By OSWALD JACOBY
Written for NEA Service

Today's hand converted a couple of Eastern experts to the transfer bid.

South could see no scientific way to bid his hand. His partner could have a minimum no-trump with the right cards and seven spades be a lay down. His partner could have a maximum no-trump with the wrong cards and five spades be unmakeable.

South also knew that if he tried to bid scientifically he would probably wind up by telling his opponents what to open. He therefore decided to gamble and simply leaped to six spades.

It was tough luck that West had a natural opening lead of the queen of diamonds and that the defense cashed two diamond tricks before South could get in.

If South had been using the JTB he would have responded with two hearts. This would be the spade transfer and in spite of only holding two spades North would have bid two of that suit.

Then South would have jumped to six spades. East

would have been on lead since North would be playing the hand with the doubleton spade.

Undoubtedly East would have opened one of his aces. If he selected the diamond ace he would make that trick. If he selected the club ace declarer would trump in dummy and eventually discard dummy's

diamonds on the fourth heart and on the club king.

If East opened a heart or a trump, declarer would draw trumps, discard one diamond on the long heart and still make six.

Toothless

A turtle, being toothless, cannot chew, but its jaws have sharp, horny edges and their closing shears off bits of food, which then are swallowed whole.

Theatre Month Named

Albany, N. Y., March 1 (P)—Gov. Harriman today proclaimed March as International Theatre Month and said "good theatre is at once a delight and an inspiration." He called the stage "a most influential and persuasive medium of communication between man and man, between nation and nation, on the hopes and fears and aspirations that all of us share."

Saugerties, Rondout Valley to Play for UCAL Title Tuesday

Kerin's Record 43°
Paces Sawyers to
Playoff Contest

Austin Kerin, Saugerties High's skyscraping center set what is believed to be a new Sawyer and UCAL single game scoring record of 43 points as he sparked his team to an easy 82-52 win over Marlboro Central on the loser's court.

Kerin's superlative performance overshadowed somewhat the Sawyers' clinching of a tie for first place with Rondout Valley Central. The two clubs ended the regular campaign last night in a dead heat with 11-1 records and will clash in the championship playoff Tuesday at Onteora Central's court starting at 7:30 p. m.

Zeilmann's Mark Beaten

The 43 points eclipsed teammate Bill Zeilmann's previous high of 41 for a Saugerties player scored this year against Hunter-Tannersville. Since there are no UCAL official scoring figures available, it is presumed that Kerin's total is an all-time high for the circuit.

The 6-7 pivot made his total on 19 field goals and 5 of 7 free throws. His scoring in each quarter went like this: 18, 11, 8 and 6. Except for a momentary breather in the second period, he played all the way until taken out near the mid-point of the final quarter.

Kerin proved just too much for the fruitgrowers who couldn't stop his short hooks and layups. Darryl Eckert, who stands 6-2, guarded him at the outset, but then had to turn the job over to a couple of his teammates after drawing four quick fouls.

Hot First Period

Kerin's 16 points in the opening period were 2 less than the Sawyers' entire total as they led 18-12. At halftime the margin rose to 43-24, and at the three-quarter mark was a lopsided, 66-34.

The victory was the 16th in 18 games for Coach Bud Smith's aggregation and their ninth straight.

Richie Mandia who was held in check in the first half, broke loose in the second part of the game to finish with 21 points and runner-up honors. Teammate Bob Paltridge notched 10.

Marlboro is 5-6 in the UCAL and can wind up the year at 500 with a win tonight at home against New Paltz.

Jayvees Roll On

In the Jayvee game, Barry Wolven's three foul enabled the Saugerties juniors to eke out a 54-52 win. Barry, who was the hero of Thursday's 51-49 squeaker over Wappingers Falls, wound up with 11 points, one less than brother Bob. Barry Fellows paced the Sawyers with 14.

Lou DeSantis of Marlboro was high for both sides with 20. Bryan White garnered 13.

The victory marked the end of the campaign for Coach Bill Straub's high-flying club. They finished with a 17-1 record, which is second best in the Hudson Valley behind Newburgh's perfect 18-0 mark. The only loss was to Arlington.

Broome, NYCTech In Jr. Cage Final

Binghamton, N. Y., March 2 (AP)—New York City Tech and Broome Tech will meet tonight in the final of the Region 15 National Junior college basketball tournament.

New York city qualified with a 94-75 victory over the Morrisville Aggies last night. Broome Tech beat Erie Tech, 71-56.

New York Tech's Ray Scott, 6-foot-9, and Jim Weeks of Morrisville, the nation's top junior college scorer, were high men with 31 points each.

Erie and Morrisville will play a consolation game tonight.

Upstate Sextets Still Alive in Pee Wee Play

Lake Placid, N. Y., March 2 (AP)—Teams representing Camden, Rome and Potsdam were still in the running today in the New York state pee wee hockey tournament.

They survived first-round competition yesterday. The tournament continues through the weekend.

Yesterday's scores: Camden 4, Lake Placid 2; Rome 8, Saranac Lake 2; Potsdam 8, Troy 3.

No Ticket Sales Night Of UCAL Title Playoff

Ed Witko, athletic director at Oteora Central School, announced today that there will be positively no ticket sales at the doors for the UCAL championship playoff between Saugerties High and Rondout Valley Central Tuesday night at OCS's gym in Boiceville.

Witko said that public sale of tickets would be held Monday from 12 noon to 1 p. m. at Oteora Central. He added that about 150 to 200 tickets would be available at the sale.

Six hundred tickets have already been sent to the schools involved in the playoff for distribution. A SRO crowd of more than 1,000 is expected to witness the game.

Title Playoff in Making

Port Rips Fallsburgh To Tie for First Place

North Carolina Ends Up Regular Action at 24-0

(By The Associated Press)

They're not just a whistling Dixie down in North Carolina today. They're shouting it from the rooftops, loud and clear.

The reason for the waving of the stars and bars? The University of North Carolina's basketball team, naturally. The Tar Heels, ranked first in the nation, swept through their regularly-scheduled 24-game season undefeated — the first North Carolina team to do since 1924.

Victim No. 24 tumbled last night when Duke succumbed 86-72 to the McGuiremen in an Atlantic Coast Conference spinetting.

The Tar Heels still have a date remaining on their calendar — the ACC tournament at Raleigh, N. C., starting March 7.

West Virginia Wins

In the Southern Conference, West Virginia, playing without Paul Canterbury topped Fallsburgh with 18. Mike Sacks made 12 and Doug Caughers 10.

Fallsburgh, by losing, ended the season in a tie with Monticello for last each.

The Jayvees also went to Port 70-53 as Zach hit 14 and Carl Waister 14. Herb Gold tabbed 18 for the losers.

Port Jervis (80)

Paul Canterbury topped Fallsburgh with 18. Mike Sacks made 12 and Doug Caughers 10.

Fallsburgh, by losing, ended the season in a tie with Monticello for last each.

6,200 Quit Jobs

Buffalo, N. Y., March 2 (AP)—About 6,200 United Auto Workers have walked off their jobs at Bell Aircraft Corp. plants on the Niagara Frontier. Joseph Newton, UAW staff representative, said the union would meet with company officials (at 10:30 a. m.) today to try to settle the dispute. Union and company officials said it centered on the method of transferring employees from one plant to another. Some of Bell's 13 plants are as much as 25 miles apart.

Charges to Be Dropped Against Grimes Suspect

Chicago, March 2 (AP)—Murder charges against Edward (Benny) Bedwell, 21-year-old skid row drifter, in the slaying of the Grimes sisters, are to be dropped, says State's Atty. Benjamin Adamowski.

Adamowski yesterday said the state will ask dismissal of the charges when Bedwell appears in court Monday. Bedwell, who confessed killing the sisters, Barbara, 15, and Patricia, 13, and then retracted the statement, has been free on \$20,000 bond.

"It would be folly to prolong this unfortunate incident beyond that date (Monday)," Adamowski said.

Repudiated Confession

Bedwell, in his statement which he later repudiated, said he and another man killed the girls on Jan. 13 after a week of drinking and living in hotels in the skid row district.

The girls disappeared from home Dec. 28 after attending a movie. Their naked, frozen bodies were found in a roadside ditch near suburban Willow Springs Jan. 22. Medical reports showed they had died a few hours after leaving home and their death was attributed to exposure to the cold.

Adamowski said although several witnesses have reported seeing Bedwell with the Grimes girls after Jan. 1, "it is my honest conviction that these witnesses are mistaken." Medical scientists, he added, have said definitely that the girls died within a few hours after they left home.

Syracuse Youth Shot By Police After Chase

Utica, N. Y., March 2 (AP)—An 18-year-old youth was shot by police early today after a back-alley chase near the downtown area.

Charles Stere of (1512 East Fayette street) Syracuse, was taken to St. Elizabeth Hospital with a wound just above the right hip. His condition was termed very serious.

Patrolmen Raymond Casella and Thomas DiNotti said they saw the youth near an automobile agency and became suspicious. When they stopped the patrol car, he ran and they gave chase. A block away, Casella said, he fired once over Stere's head.

When he did not stop, both patrolmen fired.

A brother, Gerald Stere, 22, of Utica, told a reporter Charles was on probation but had permission to visit him on weekends.

Remains of WW 2 Airmen Are Found

Washington, March 2 (AP)—It will be weeks, perhaps months, before positive identification is made of the remains of six men—apparently U. S. airmen in World War 2—found in a New Guinea jungle a month ago.

A search party organized by the Royal Australian Air Force found the remains, which included six identity discs, near bits and pieces of what appeared to be a B25 bomber.

The evidence of tragedy in the wild Owen Stanley range of New Guinea were discovered by island natives.

Names on the identity tags have not been disclosed.

The first step in the complicated procedure required to identify the six was taken Feb. 8, when Australian wing commander Keith Rundell flew the evidence to Brisbane, Australia.

Pilot Asks Asylum

Graz, Austria, March 2 (AP)—An officer of the Yugoslav Air Force has asked political asylum in Austria after landing his military plane near Bruck in the Austrian Province of Styria. Austrian officials identified him as Capt. Blaz Munjko, 35, of Zagreb. They said he blamed economic hardships in Yugoslavia as the cause for his action. He flew across the border yesterday and was taken to Vienna.

NIXON ARRIVES IN MOROCCO — Vice President Richard Nixon (left) gestures as he talks with Sultan Mohammed V (center) and Moroccan Foreign Minister Ahmed Balafrej after his arrival in Rabat. Morocco was the

first stop on Nixon's 22-day good-will swing through Africa in a project aimed at winning new friends for the U. S. (NEA Radio-Telephoto)

DENIES BRIBE CHARGE—Stanley Terry, a Portland, Ore., pinball operator, tells a Senate Labor Rackets Committee in Washington that he never laid eyes on the Teamsters Union official he's supposed to have bribed with \$10,000. Another witness had testified that Terry had paid the money to Frank Brewster to buy into a union-controlled pinball machine monopoly. (NEA Telephoto)

Briefly Told

Albany, N. Y., March 2 (AP)—Marshall K. Rudolph of Buffalo has been appointed Buffalo area director of the State Division of Veterans Affairs. The salary is \$7,240 a year.

He succeeds Maj. Gen. Ronald C. Brock, who has been appointed commanding general of the New York National Guard and chief of staff to Gov. Harriman.

Rudolph, a brigadier general attached to Guard headquarters, will administer the veterans' division program in 20 counties in central and western New York.

Westmoreland, N. Y., March 2 (AP)—Fred Richer, 46, was killed last night when his panel truck skidded off a highway at nearby Lowell and plunged down a 20-foot embankment.

The summary court-martial yesterday was the third trial here during the week of drill instructors charged with mistreating recruits. Still a fourth trial is to be held next week.

Barone testified that he ate two candy bars with Sgt. Corey's permission, but started laughing and became choked.

Albany, N. Y., March 2 (AP)—The salary of the Clinton county surrogate has been raised from \$6,500 to \$8,000 a year. That of the county judge has gone from \$3,500 to \$5,000 a year.

Gov. Harriman yesterday signed legislation to make the changes effective.

Assemblyman Robert J. Feinberg of Plattsburgh and Sen. Robert C. McEwen of Ogdensburg, both Republicans, sponsored the measure.

Atlantic City, N. J., March 2 (AP)—Earl J. Mattis, highway superintendent of St. Lawrence county, N. Y., is the new president of the Assn. of Highway Officials of the North Atlantic States.

He is a resident of Massena. Mattis succeeds John O. Morton of Concord, N. H. The election was held yesterday at the close of the association's three-day, 33rd annual convention.

The organization comprises officials from the New England states, New York, Pennsylvania, New Jersey, Delaware, Maryland and the District of Columbia.

Marine Cleared Of All Charges

Parris Island, S. C., March 2 (AP)—A Marine drill instructor charged with mistreating recruits at this basic training center was cleared of all charges here yesterday. One recruit said he considered the mistreatment involving him as something of a joke.

Sgt. Daniel J. Corey, 23, of (13 Vinal Ave.) Somerville, Mass., was charged with forcing Pvt. John L. Barone, 18, of (726 8th St.) Chester, Pa., to stuff candy into his mouth until Barone became ill.

Corey also was accused of pushing Pvt. Thomas Hayes, 19, of (28 Manchester Ave.) Lawrence, Mass., to the floor of a barracks.

The summary court-martial yesterday was the third trial here during the week of drill instructors charged with mistreating recruits. Still a fourth trial is to be held next week.

Barone testified that he ate two candy bars with Sgt. Corey's permission, but started laughing and became choked.

Albany, N. Y., March 2 (AP)—The regular monthly meeting of the Kingston board of Education will be held Thursday at 8 p. m. in the board of education office, it was announced by Earl F. Soper, superintendent of schools.

An air force statement said the plane was "awaiting its turn to commence an instrument let down at Uplands Airport."

It was the second crash of an RCAF B25 in less than two weeks. The earlier crash occurred Feb. 17 in a residential area of St. James, Man., but there were no fatalities.

The summary court-martial yesterday was the third trial here during the week of drill instructors charged with mistreating recruits. Still a fourth trial is to be held next week.

Barone testified that he ate two candy bars with Sgt. Corey's permission, but started laughing and became choked.

Albany, N. Y., March 2 (AP)—The salary of the Clinton county surrogate has been raised from \$6,500 to \$8,000 a year. That of the county judge has gone from \$3,500 to \$5,000 a year.

Reach Typo Pact For 3,500; Lists \$9 2-Year Hike

New York, March 2 (AP)—Agreement was reached early today on a contract covering 3,500 typographers on 10 major newspapers in the metropolitan area. The pact, subject to ratification by the publishers and the typographers, provides \$9 in wage increases over a two-year period.

11-Hour Meeting

Tentative approval came at the end of a meeting lasting more than 11 hours and was announced shortly before 2 a. m. (EST) by William Mapel, president of the Publishers Assn. of New York, and Francis G. Barrett, president of Local 6, International Typographical Union.

Commissioner Bernard J. Forman, of the Federal Mediation and Conciliation Services, was present.

Negotiations started last Oct. 24. The new contract, if approved, will be retroactive to last Dec. 8.

Represented in the negotiations were the Times, the Herald Tribune, the Daily News, the Daily Mirror, the Journal-American, the World-Telegram and Sun, the Post, the Long Island Star-Journal and the Journal of Commerce.

Folows Pattern

The proposed contract gives the typographers a \$5 wage increase the first year and \$4 the second. It follows the pattern set in contracts signed by seven other craft unions and the New York Newspaper Guild.

Present wages range from \$119 to \$129 a week.

Both Mapel and Barrett said they would urge acceptance of the pact, which also provides for some changes in working conditions. The union will hold a ratification meeting March 10.

To Get Case Monday

New York, March 2 (AP)—An all-male jury on Monday is slated to get the case of Nella Bogart, accused of violating the federal Mann Act by persuading two women to cross the state line to New Jersey for the purposes of prostitution. The prosecution rested its case against the 32-year-old Polish refugee woman on Thursday and the defense rested yesterday. Federal Judge Edward J. Dimock said he will charge the jury after attorneys for both sides sum up their cases Monday.
